

Felix Adebayo Lagos, Lagos, Nigeria | felix.adebayo@email.com | +234-123-456-7890 | linkedin.com/in/felix-adebayo-ai | github.com/felixadebayo

Professional Summary

Dynamic AI Engineer with 5+ years of experience designing, developing, and deploying machine learning models and AI systems. Expertise in generative AI, natural language processing (NLP), computer vision, and ethical AI frameworks. Proven track record in optimizing models for production, collaborating on cross-functional teams, and driving business impact through data-driven solutions. Passionate about leveraging AI for sustainable development in emerging markets like Nigeria.

Skills

- **Programming & Frameworks:** Python, Java, PyTorch, TensorFlow, Scikit-learn, Hugging Face Transformers, LangChain, Keras
- **AI/ML Specialties:** Deep Learning, NLP (e.g., LLMs like GPT-4, Llama), Computer Vision (OpenCV), Reinforcement Learning, Generative AI (GANs, Diffusion Models)
- **Tools & Platforms:** AWS SageMaker, Google Cloud AI, Azure ML, Docker, Kubernetes, Git, Jupyter
- **Data Handling:** SQL, NoSQL (MongoDB), Big Data (Spark, Hadoop), Data Visualization (Matplotlib, Seaborn)
- **Soft Skills:** Problem-Solving, Team Collaboration, Agile Methodologies, Ethical AI Practices

Professional Experience

AI Engineer TechInnovate Nigeria Ltd., Lagos, Nigeria June 2023 – Present

- Developed and deployed a generative AI chatbot using LangChain and Grok models, reducing customer support response time by 40% and handling 10,000+ queries monthly.
- Optimized NLP models for sentiment analysis on social media data (X/Twitter feeds), improving accuracy from 78% to 92% via fine-tuning with Hugging Face.
- Led ethical AI audits for deployment in fintech apps, ensuring bias mitigation and compliance with global standards (e.g., EU AI Act equivalents).
- Collaborated with data scientists to integrate edge AI solutions for IoT devices, cutting latency by 35% in real-time anomaly detection systems.

Machine Learning Engineer DataWave Solutions, Lagos, Nigeria January 2021 – May 2023

- Built computer vision models for image recognition in agriculture tech, using TensorFlow to analyze crop health from drone imagery, boosting yield predictions by 25% for local farmers.
- Implemented reinforcement learning algorithms for supply chain optimization, resulting in 15% cost savings for e-commerce clients.
- Managed end-to-end ML pipelines with MLOps tools (Kubeflow), automating model training and deployment, reducing go-to-market time by 50%.
- Contributed to open-source projects on GitHub, including enhancements to PyTorch-based NLP libraries, garnering 200+ stars.

Junior AI Developer InnoTech Hub, Abuja, Nigeria August 2019 – December 2020

- Assisted in developing predictive models for healthcare diagnostics using Scikit-learn, achieving 85% accuracy in disease outbreak forecasting.
- Conducted data preprocessing and feature engineering for large datasets (1M+ records), improving model performance by 20%.
- Participated in AI hackathons, winning 2nd place in a national competition for an AI-powered traffic management system.

Education

M.Sc. in Artificial Intelligence University of Lagos, Lagos, Nigeria Graduated: 2020

- Thesis: "Ethical Considerations in Deploying LLMs in African Contexts"
- Relevant Coursework: Deep Learning, AI Ethics, Big Data Analytics

B.Sc. in Computer Science Obafemi Awolowo University, Ile-Ife, Nigeria Graduated: 2018

- Graduated with First Class Honors

Certifications

- AWS Certified Machine Learning – Specialty (2025)
- Google Professional Machine Learning Engineer (2024)
- IBM AI Engineering Professional Certificate (2023)
- Ethical AI Practitioner (AI Ethics Institute, 2022)

Projects

- **AI-Powered Language Translator for Nigerian Dialects:** Built using Hugging Face and custom datasets; supports Yoruba-English translation with 90% accuracy. (GitHub: 500+ forks)
- **Sustainable Energy Predictor:** ML model forecasting solar energy output in Lagos; integrated with IoT sensors for real-time insights.

Additional Information

- Languages: English (Native), Yoruba (Fluent)
- Interests: Mentoring young AI enthusiasts in Nigeria, contributing to AI for Good initiatives.
